Prop 65 Warning: Some of our products can expose you to chemicals including lead, which are known to the state of California to cause cancer and birth defects or other reproductive harm. Please contact customer service for more information.

Terms and Conditions: All prices are F.O.B. Alameda, CA and are subject to change without notice. Minimum order is \$250 net. New account minimum \$1,000. Terms are net 30 days from invoice/shipping date. Orders exceeding \$1,000 net will be shipped freight free within the continental USA (excluding Aquaclean). All shipments will be made in standard packaging; no broken cases allowed. Claims for shortages must be made in writing within 10 days of receipt of invoice or goods. Returns must have prior written authorization and may be subject to a 15% restocking charge.

Ettore Steccone invented the window squeegee over eighty-five years ago in Oakland, California. His T-shaped tool, manufactured of brass with a single precision slit rubber blade, dried windows virtually streak-free and became the new standard in cleaning glass.

Today, his family still runs this independently owned company and continues his legacy by bringing quality products, not only to the professional, but to homeowners around the world. The spirit to innovate and discover new and better ways to clean is alive and well at Ettore Products Company. At Ettore, our goal is to remain at the forefront of innovation and continue to produce the finest cleaning tools available.

Satisfaction Guarantee.

All of our products are unconditionally guaranteed to deliver nothing less than flawless performance.

The Majority of Our Worldwide Sales are from Products Made or Assembled in the U.S..

The #1 Brand of Professionals

Highest Quality Rubber

For over 85 years, Ettore has combined the best materials with a passion for perfection to create the world's best squeegee rubber, right here in the U.S.A.!

- #1 Window Squeegee Rubber in the industry. This ranking is undisputed. We outperform and out sell every other manufacturer in the world, combined!
- Every blade is hand inspected – you can be assured that every blade is perfect and ready to make you money.
- Driven by our passion to make the best product available, we guarantee every blade unconditionally.
- We travel the world looking for the best raw materials to make our revolutionary squeegee blades.

Satisfaction Guarantee.

Ettore takes pride in hand-inspecting each blade before it is shipped, ensuring the highest quality, precision edge available. Like all of our products, it's unconditionally guaranteed to deliver nothing less than flawless performance.

Handles at a Glance

As the market leader, Ettore builds, tests and specs every handle to meet the needs of professionals around the world.

Master Squeegee Handles

- These handles come in Brass, Stainless, and Aluminum to fit all of the jobs you throw at them.
- "Clipped" or "fixed" to meet your requirements.
- Optional rubber grips add extra "gripping power".

Pro+ Squeegee Handles

- Engineered with high strength polymer materials.
- Over-molded rubber grips to add extra strength in slippery situations.
- Ergonomically designed as the standard for all handles.

ProGrip Squeegee Handles

- Large rubberized grip for extended use without fatigue.
- Slightly larger for extra comfort.
- Engineered to the highest standards for trouble free performance.

Super System Squeegee Handles

- Flexible handle rotates 180° to help fit in awkward areas.
- Engineered to the highest standards with the best materials to assure years of uncompromising use.
- Over-molded rubber inserts for extra grip when wet.
- Zero degree handle for skylights and glass, helps to reduce fatigue.

Ledge-Eze Squeegee Handles

- Designed with extra reach for those large window ledges.
- Great for deep ledges and window frames.

***All handles work great
with Ettore Rea-c-h Poles.***

Contour Pro +

**The Most
Innovative Handle
Ever Produced**

Ettore revolutionized the industry with the Contour Pro+ squeegee. Combining four time-saving features into one amazing tool, it makes window cleaning faster, easier, and more profitable. It's the only handle you will ever need.

Patented Suspension System

- Superior for closing out deep sill windows.
- Adjustable spring tension—customizes to user preference.
- Consistent even pressure eliminating streaks and rubber lasts longer.

Super System

- Automatically adjusts to angle without lifting off glass.
- Ideal for cleaning irregular shaped glass.
- Swivels horizontally 180°.

Zero Degree Feature

- With the flip of a lever, squeegee transforms to a 0° angle.
- Perfect for cleaning overhead glass in atriums eliminating back strain.
- Allows fanning with a pole.

BackFlip – Four Tools In One!

The perfect balance of speed and performance. One tool – four uses. With the touch of a button you can use individually or in time-saving combinations.

Combo Tool

The BackFlip combines our Quick Release Squeegee with our Golden Glove Washer. Squeegee available in Brass or Stainless.

One Pass Wash & Wipe

The faster way to clean windows! The Golden Glove Washer cleans the glass and the Squeegee dries in just one pass.

Heavy-Duty Washer

The specially designed T-bar has a handy, easy fitting grip. The shape has been designed to hold more solution.

Backflip works great with all of our poles—with a simple twist change from washer to squeegee.

Quick Release Handle

Available in Brass and Stainless Steel makes changing channels easier than ever.

Pro+ Super System T-Bar
with Microfiber Sleeve

Microfiber Sleeves

***Ettore Advanced Microfiber sleeves
continue our tradition of uncompromising
perfection in sleeve performance.***

- Extremely fine Microfibers allow for maximum scrubbing power.
- Most models also provide extra scrub pad for added scrubbing power on stubborn material.
- Each product retains at least 20% more solution than all of the competitive models.
- Double seams on all sleeves allow for longer lasting and more durable performance.
- Durable Microfiber can withstand at least 500 washings.

With MicroSwipe, cleaning has never been easier. Advanced microfiber technology combines friction, static electricity and capillary action to absorb and remove micro-particles, dirt, oils and moisture.

Microfiber

Uncompromising Perfection for Every Job.

- 10% more Microfiber than our competitors.
- Heavy-Duty Microfiber cloth with a minimum of 700 washes per cloth.
- Four colors to assure non-contamination between jobs
- Kitchen and Bath Cloths with ribbed surface gently removes stains and restores hard finishes, like stainless steel, to new.
- Ultra-soft suede-like surface for wood, furniture, TV's and Computer screens. Won't scratch and leaves a spotless clean surface with no chemicals.
- Multiples sizes and colors to suite your needs.

Our advanced microfiber technology combines friction, static electricity and capillary action to absorb and remove micro-particles, dirt, oils and moisture. Split, microscopic strands lift and hold all types of dirt and grime until washed, so dirt won't spread to other surfaces.

Grip'n Grab®

Grip'n Grab® — Extend Your Reach

The Grip'n Grab's sleek profile fits behind furniture, appliances, crawl spaces and other hard-to-reach areas. The rubberized jaws combined with pistol grip and articulating head allows for picking up small objects horizontally or vertically. Rust-proof for outdoor use, it tackles any job from fallen leaves to debris in pond or fountain.

The articulating head turns 90° to reach tight spaces.

Pro+ Elite Dusters

When It Comes to Dusters, Bigger is Better.

We've designed our new family of Pro+ Elite Dusters to perform better than any other line of dusters on the market. The big difference between us and the competition is size. We've designed these professional dusters to have twice the surface area of ordinary dusters which adds up to faster, more efficient cleaning.

Click-Lock Feature

The Elite Duster family can be used with handle or on an Ettore REA-C-H extension pole with Click-Lock secure lock system.

Floor Squeegees

***Inquire About
Our Line of Food
Service Grade
Squeegees***

Ettore offers a complete assortment of floor squeegees to help clean up virtually any situation. Our policy of build, test, and spec, applies to all of our products, including floor care tools.

- Steel squeegees both in straight and curved configurations are galvanized to help protect in even the most caustic situations.
- Aluminum Squeegees are perfect for pushing or pulling liquid and won't corrode or rust.
- Dual moss rubber squeegees move fluid and dry it in the same motion. Great for uneven surfaces, like tile, concrete, and even decks.
- Neoprene blades for increased durability.

Aquaclean EZ1 Pro+

Introducing Our Most Portable and Sustainable Pure Water System

- Super portable and lightweight
- Reusable and sustainable resin filter
- Easy and time-saving resin replacement
- Work two poles on a single unit
- High pressure with superior water purity
- 3.3 gallon de-mineralization capacity
- Stainless steel pressure housing

A water-shed moment in the history of pure water technology! The EZ1 Pro+ is more than just our latest pure water system—with a single regenerated resin filter, it's almost half the weight of other systems. Regenerated resin requires only a single purchase and then you can regenerate over and over again. It's a clear cost advantage over multi-stage systems and it's eco-friendly too. Reduce your operating costs and Greenify your business with The EZ1 Pro+.

Run two poles at once with our patented water flow design that eliminates the need for pumps.

Model # 84200

\$1,926.92

Single Stage Water Treatment System includes:

- Single-stage Fastbag reusable filtration system
- Lightweight and durable cart system
- Quality control by integrated conductivity measurement
- Quick disconnect hoses
- Stainless steel pressure housing and aluminum lid
- Pressure relief valve

Revolutionary Technology

See the video at www.ettore.com/aquaclean

Features & Connectors

Relief Valve

Two hose connectors made from high quality brass fittings allow you to run two poles at once.

Continuous water quality monitor

Aquaclean EZ1 Pro+

Ettore was in the forefront of the pure water revolution of the 1990's with our groundbreaking Aquaclean systems and accessories. All of our knowledge, observations, and expertise have culminated in our new EZ1 Pro+™. This system gives you every option. There is no need to look further, and it is backed by legendary Ettore Customer Service.

The Fastbag™: The Heart of the System

The Ettore EZ1 Pro+ is equipped with the Ettore Fastbag™ system. This innovative system allows for quick and easy replacement of the 3.3 gallon mixed resin. The Fastbag™ can be filled with either regenerated mixedbed resin, or 1-way disposable resin (Item #84204).

Using regenerated mixedbed resin will substantially lower the cost of operation and is a “green” solution as the mixedbed resin can be re-generated over and over again.

Ion exchange granulates in Fastbag system or you can use loose resin. There is also an optional chemical injector for pre-cleaning 3rd party operators.

The Advantages Are Clear.

- 75% Faster Than Conventional Cleaning Methods.
- Safely Clean From the Ground—No Ladders Needed.
- Environmentally Friendly—No Soaps or Chemicals.
- Surface Dries Spot Free in Any Weather Condition, Even Direct Sunlight.
- Greater Access to Hard to Reach Areas.
- Increased Productivity—No Set-Up Time For Ladders or Lifts.
- Lasts 10 Times Longer Than Standard DI Tanks.
- Low Learning Curve—Reduce Training Time.

Aquaclean Poles

Locks are not glued so they can be easily replaced

Unlock the power of the new gold standard in water-fed poles.

The all new Aquaclean Carbon Fiber Pole is the most powerful water-fed pole you can buy. The revolutionary Carbon Fiber design provides greater rigidity at longer lengths than any other pole on the market, allowing for effortless brush control. Each pole has an aluminum outer tube that adds strength when extended and protects the carbon fiber inner poles when fully retracted. It's easy to transport, even in small vehicles.

The new Multifunction Clamping System positively locks each section, preventing unintended pole collapse. The ergonomic design of the locking tabs minimizes fatigue and are engineered for long lasting performance. Each clamp has a tapered bottom that eliminates pinch points and prevents the pole from getting caught on window sills and branches. And replacement pole sections easily bolt on—no more gluing sections together.

Choose one of our six pole length options, starting from 18 feet.

New clamp design has positive locking tabs that won't release unintentionally

Each clamp has a tapered bottom to prevent snags and keeps the clamps separated to prevent pinch points

Durable endcap protects the end of the pole and features a side hose aperture that prevents kinks.

AQUACLEAN

Aquaclean Poles

Aquaclean Poles

The Aquaclean Carbon Fiber Pole system is designed to deliver the precise balance between rigidity and weight, without sacrificing durability or strength. Each pole has an aluminum outer tube that provides added strength while protecting the expensive carbon fiber inner pole. This is simply the best water fed pole available.

PART NO.	DESCRIPTION	COLLAPSED LENGTH	WEIGHT	UNIT PRICE
7218	18 ft. Aluminum/Carbonfiber	54 in.	2.43 lbs.	\$516.02

**Top
Seller**

- All poles are shipped with a 14" brush, angle adapter and hose.
- Additional size brushes sold separately.
- Actual cleaning height may vary.

Please consider grade of surface, height of windows, distance from building the operator is standing and height of operator. As with all poles, extreme care must be taken while working with water near electricity.

Scan this QR code using your smart-phone to visit our brand new mobile friendly website.

Rea-c-h™ Pole Conversion Kit

Now You Can Convert Our Rea-c-h Pole Into a Water-fed Pole.

Let's face it, Carbon fiber poles are expensive and you don't always need large poles that extend to the fourth and fifth floors.

We have created a kit that combines our revolutionary Aquaclean brush, pole and angle adapters and quick connect hose that allows you to utilize every Ettore Rea-c-h pole in your arsenal and adapt it to pure water cleaning.

Now we offer a solution for pole lengths from two feet to 65 feet, all using the same performance proven Ettore Technology!

Rea-c-h Pole Conversion Kit

Kit contains:

- 14 in. nylon and boar's hair brush
- Angle adapter
- Pole tip
- Hose clips
